To All Firefighters, Lieutenants, & Captains
Weathersfield Township Fire Department
Stations 40, 41, & 42

I hope all is well with each of you. I am writing today to update everyone on some changes that will be coming to our fire department in the very near term.

Chief Boring has decided that he is ready to relinquish the position of fire chief and he will no longer be responding to fire calls, however, he will continue to conduct fire inspections and continue to help with many day to day activities for both the fire department and the Township. We are all so grateful for his tireless service to the fire department and the residents of our community.

Of course, the Trustees will now move forward with the process of choosing a new fire chief. This selection process will begin immediately and those being considered for the position are our three station captains. Each station captain will submit their r sum  by next Wednesday and will be interviewed shortly thereafter. The Trustees will then appoint one of them as our new fire chief at their September regular meeting.

As with any change within an organization, I am sure this transition may be difficult at times, but we must all support one another to make this a successful process. Each of you are an important part of the organization and we cannot move forward without your help. I know we do not say this enough, but we are so appreciative of your dedication to the fire service and to the residents of our community. I know that our fire department will remain the best in the state and will continue to improve moving into the future.

Respectfully:

Dr. David A. Rouan, AICP

Township Administrator
